# Application to enrol in a Queensland state school

This sheet contains information on how to complete the Application for student enrolment form (SEF-1 Version 8).

## Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol a prospective student if they are entitled to enrolment. While not exhaustive, the following matters may affect a prospective student's entitlement to enrol in a state school:

- if the school has a School Enrolment Management Plan or an Enrolment Eligibility Plan (enrolment is subject to eligibility under the plan)
- the applicant is a prospective mature age student (the applicant can only apply for enrolment at a mature age state school and will be subject to a satisfactory criminal history check, or as a student in a program of distance education. All prospective mature age students must have a remaining allocation of state education.)
- the prospective student is not of correct age for enrolment (relates to Preparatory Year and Years 1 to 6)
- the prospective student has been excluded, or is subject to suspension from a state school at the time of the application
- the school principal reasonably believes that the prospective student presents an unacceptable risk to the safety or wellbeing of members of the school community (application is referred to the Director-General)
- the school is a state special school and the prospective student does not meet the criteria for enrolment in a special school
- the proposed enrolment requires approval as part of a flexible arrangement under s.183 of the *Education (General Provisions) Act 2006 (Qld)*, and the arrangement has not yet been approved
- the prospective student is not an Australian resident or citizen or the child of an Australian permanent resident or citizen (visa restrictions may apply, fees may be charged, in some cases legislation requires that the prospective student must obtain approval from the Chief Executive via Education Queensland International (EQI) to enrol)
- the school does not offer the year level that the prospective student should be enrolled in
- the prospective student has no remaining semester allocation of state education. Enrolment cannot proceed until additional semesters are applied for by the prospective student (or parent on their behalf) and granted.

## Prospective student

A prospective student is a person who has applied to enrol at a state school but who has not yet been accepted for enrolment.

## Parent's occupation and education

All parents across Australia, no matter which school their child attends, are asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

## Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

## Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

## Gender

Information about gender is supplied to the Federal Government to comply with State funding agreements. The gender category with which a person identifies may not match the sex they were assigned at birth. There is no requirement for a student's gender recorded on this form to align with the sex shown on their birth certificate or passport.

## Religious Instruction

Religious instruction is a program approved and provided by a religious denomination or religious society. Other instruction relates to part of a subject area that has been covered within the curriculum and may include, but is not limited to, personal research and/or assignments, revision of class work, and wider reading. Information about religious instruction available at the school, and about other instruction, is provided by the school at the time of enrolment and on the school's website.

Some school activities and physical education, particularly contact sports, carry inherent risks of injury.

Parents are advised that the department does not have Student accident Insurance cover for students.

If a student is injured at school as a result of an accident, all costs associated with the injury, including medical costs, are the responsibilities of the child, parent or guardian.

Some incidental medical costs may be covered by Medicare. If parents have private health insurance, some costs may also be covered through the private health insurance. Any other costs would be borne by the parents/guardians.

Student Accident Insurance is an insurance policy that pays certain benefits in certain circumstances should your child have an accident.

It is a personal decision for parents as to the types and levels of private insurance they arrange to cover their child for any accidental injury that may occur.

Parents/Guardians should contact their insurer or an approved Australian insurance broker for more information about student personal accident insurance cover for their child.

### Introduction to the State School Consent Form

This letter is to inform you about how we will use your child's personal information and student materials. It outlines:

- what information we record
- how we will use student materials created during your child's enrolment.

Examples of personal information which may be used and disclosed (subject to consent) include part of a person's name, image/photograph, voice/video recording or year level.

Your child's student materials:

- are created by your child whether as an individual or part of a team.
- may identify each person who contributed to the creation.
- may represent Indigenous knowledge or culture.

### Purpose of the consent

It is the school's usual practice to take photographs or record images of students and occasionally to publish limited personal information and student materials for the purpose of celebrating student achievement and promoting the school and more broadly celebrating Queensland education.

To achieve this, the school may use newsletters, its website, traditional media, social media or other new media as listed in the 'Media Sources' section below.

The State School Consent Form may, at your discretion, provide consent for personal information and a licence for the student materials to be published online or in other public forums. It also allows your child's personal information and student materials to be presented in part or alongside other students' achievements.

The school needs to receive consent in writing before it uses or discloses your child's personal information or student materials in a public forum. The attached form is a record of the consent provided.

It should be noted that in some instances the school may be required by the *Education (General Provisions) Act 2006* (Qld) or by law to record, use or disclose the student's personal information or materials without consent (e.g. assessment of student materials does not require further consent).

### Voluntary

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

### Consent may be limited or withdrawn

Consent may be limited or withdrawn at any time by you.

If you wish to limit or withdraw consent, please notify the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

If in doubt, the school may treat a notice to limit consent as a comprehensive withdrawal of consent until the limit is clarified to the school's satisfaction.

Due to the nature of the internet and social media (which distributes and copies information), it may not be possible for all copies of information (including images of student materials) once published by consent, to be deleted or restricted from use.

The school may take down content that is under its direct control, however, published information and materials cannot be deleted and the school is under no obligation to communicate changes to consent with other entities/ third parties.

### Media sources used

Following is a list of online and social media websites and traditional media sources where the school may publish your child's personal information or student materials subject to your consent.

- School website: [www.pimpamassc.eq.edu.au](http://www.pimpamassc.eq.edu.au)
- Facebook: [www.facebook.com/PimpamaStateSecondaryCollege](https://www.facebook.com/PimpamaStateSecondaryCollege)

- Instagram: [www.instagram.com/pimpamassc](https://www.instagram.com/pimpamassc)
- Local newspaper
- School newsletter
- Traditional and online media, printed materials, digital platforms' promotional materials, presentations and displays.

The State School Consent Form does not extend to P&C run social media accounts or activities, or external organisations.

### Duration

The consent applies for the period of enrolment or another period as stated in the State School Consent Form, or until you decide to limit or withdraw your consent. During the school year there may be circumstances where the school or Department of Education may seek additional consent.

### Who to contact

To return a consent, express a limited consent or withdraw consent please contact the College's Administration Team on [admin@pimpamassc.eq.edu.au](mailto:admin@pimpamassc.eq.edu.au) or 07 5540 9333 should be contacted if you have any questions regarding consent.

Dear Parents/Guardians,

This letter contains important information about the 2022 Student Resource Scheme including how the scheme operates and the annual participation fee.

The Queensland Government supports children's education by providing funding for:

- Instruction, e.g. teachers
- Facilities, e.g. buildings, amenities, furniture
- Administration, e.g. staff and resources to administer the operations of the college.

Funding does not extend to individual student resources such as textbooks, computer or musical equipment for personal use, and many items used/consumed by the student in the classroom. Supply of these items is the responsibility of parents.

The scheme ensures that students have the resources required for them to engage with the curriculum for their education, and saves parents time and money in sourcing the prescribed materials elsewhere. Savings are gained through the school's bulk purchasing practices and hiring arrangements.

### The scheme will supply students with access to:

- Student Identification Card
- Textbooks for each subject
- Class sets of general reading books including prescribed novels
- Administration of the scheme
- Equipment hire – digital cameras (still/video), audio visual equipment, a wide range of industry standard software
- Use of equipment, consumable materials and photocopies for a range of subjects across all year levels
- A personal printing and photocopying allowance of 100 pages
- Printed worksheets/handouts/notes and equipment prepared by teachers
- Audio and video recordings
- Materials for subjects where the instruction is extended through providing practical learning experiences in excess of materials provided by school grants
- Software site licences for school and home use

The following items are **NOT** covered by the Student Resource Scheme:

- Laptops/iPads
- Stationery
- College activities and non-curricular events for example; excursions, camps, cluster sport, Year 12 formal and jerseys. Individual payments can be made for these activities as they occur.
- Elective Subjects/Excellence Program Levies
- College Yearbook and College Photos

SRS PAYMENT AMOUNT FOR 2022	YEAR 7-8 \$255	YEAR 9-12 \$275
-----------------------------	----------------	-----------------

Some **elective subjects** and **Academy Programs** will incur an additional **levy** that is **not** covered by the Student Resource Scheme. **These must be paid in full prior to being placed in a class.**

### Non-Payment

As per the college's Finance Policy, should your account fall into arrears, students will not be permitted to attend extracurricular activities such as excursions, recreational sport, camps, formals, Year 12 jackets/jerseys etc. and access will be restricted for all devices. Parents/carers will be notified should their account fall into arrears. If after appropriate notification, payment is not received, the matter will be sent to The Department of Education debt collection agency.

### Non-Participation

If a parent has opted out of the scheme the parent is required to provide the educational resources listed in the SRS (available on request) for their child by the start of the school year.

# Student Resource Scheme - Participation Agreement Form

## The Student Resource Scheme

The Student Resource Scheme (SRS) is a user-charging scheme operated by schools to provide parents with a mechanism to access individual student resources that are not funded by the government.

Government funding for schools does not extend to individual student resources and equipment for their personal use or consumption. Supply of these items, such as textbooks and personal laptops/iPads, is the responsibility of the parent.

The objective of the scheme is to provide parents a convenient and cost-effective alternative to individual supply of resources for their students. Participation in the SRS is optional, and no obligation is placed on a parent to participate.

Terms and conditions for participating in the scheme are provided on the reverse side of the form. Information is also provided on the Textbook and Resource Allowance (TRA) where applicable.

This Participation Agreement Form applies for the duration of a student's enrolment at the school, however parents who are participating in the scheme can choose to opt out from the SRS in future years by completing a new Participation Agreement Form. Any new Participation Agreement Form submitted annually and received by the school will supersede the previous form lodged.

Parents pay the annual participation fee in accordance with the selected payment arrangement. If a student joins the school mid-year, a pro-rata participation fee may apply.

Parents not participating in the scheme must provide their student with all items that would otherwise be provided by the scheme as detailed in the information provided by the school. Parents can choose to join the SRS in future years by completing a new Participation Agreement Form.

To assist schools in managing and administering the scheme, parents are requested to complete the Participation section of this form and return it to the school.

If parents have not completed and returned the form before the due date indicated by the school in the SRS Annual Parent Information documents, the school will take the view that the parent does not wish to participate.

## Payment

On agreeing to participate in the SRS, a parent agrees to pay the participation fee as advised and invoiced by the school. For families experiencing financial hardship, please contact the school as soon as possible to discuss options available.

## Participation

- ☐ **YES** I wish to participate in the Student Resource Scheme. I have read and understand the Terms and Conditions of the scheme (see reverse) and agree to abide by them and to pay the annual participation fee in accordance with the selected payment arrangement. I understand that I can opt out of participation in the SRS in any year by completing a new Participation Agreement Form.
- ☐ **NO** I have read the terms and conditions and I do not wish to participate in the Student Resource Scheme. I understand I must provide my child with all items that would otherwise be provided by the SRS as detailed in the information provided by the school. I understand that I can choose to join the SRS in future years by completing a new Participation Agreement Form.

3. Parents are directly responsible for providing textbooks and other personal resources for their children while attending school.
4. The SRS enables a parent to enter into an agreement with the school to provide the resources as advised by the school for a specified annual participation fee.

### Participation in the SRS

5. Participation in the SRS is optional and parents are under no obligation to participate.
6. The school will provide parents with a list of resources supplied by the SRS to enable parents to assess the cost effectiveness of participation.
7. Parents indicate whether or not they wish to participate in the SRS by completing this Participation Agreement Form.
8. Parents must complete and sign the Participation Agreement Form and return it to the school by the advertised date.
9. This agreement is for the duration of the student’s enrolment at the school, unless a new Participation Agreement Form is completed.
10. Parents are given the option annually to choose whether to participate in the SRS or not by completing this form.
11. Where a parent signs up to participate in the SRS they are agreeing to pay the annual participation fee for the items provided by the SRS.
12. Payment of the participation fee implies acceptance of the SRS including the Terms and Conditions irrespective of whether or not the signed form has been returned.
13. Where a student starts at the school during the school year, the parent may be entitled to pay a pro-rata participation fee to participate based on a 40-week school year.
14. Where a participation fee has been paid and a student leaves the school during the year, the school must determine if the parent is eligible for a pro-rata refund. This will also take into account any pro-rata of the Textbook and Resource Allowance (TRA) (see Additional Information regarding TRA eligibility) and any outstanding SRS debts (including any debts from damaged or non-returned items). Where the cost of outstanding debts is higher than the calculated refund, the parent is liable to pay this balance of funds.

15. Parents who choose not to participate in the SRS are responsible for providing their student with all items that would otherwise be provided by the SRS to enable their student to engage with the curriculum.
16. The school will provide non-participating parents with a list of resources the parents are required to supply for their child.
17. All items included in the SRS must be able to be independently sourced, purchased and supplied by parents who choose not to participate in the SRS.
18. As the SRS operates for the benefit of participating parents and is funded from participation fees, SRS resources will not be issued to students whose parents choose not to participate in the SRS.

### The Resources

19. SRS funds received by the school will only be expended on student resources outlined in the school’s SRS and will not be expended on other items or used to raise funds for other purposes.
20. In return for payment of the participation fee, the SRS will provide the participating student with the entire package of resources for the specified participation fee. It is not available in parts unless specifically provided for by the school in the fee structure.
21. The resources, as determined and advised by the school may be:
  - retained by the student and used at their discretion; or
  - used/consumed by the student in the classroom; or

22. All SRS resources hired to a student for their temporary use remain the property of the school. The resources must be returned by the agreed date or if the student leaves the school.
23. Parents are responsible for ensuring that any hired SRS resources provided for their child’s temporary use are kept in good condition.
24. The school administration office must be notified immediately of the loss or damage to any hired item.
25. Where a hired item is lost, not returned, or damaged, parents will be responsible for payment to the school of the value of the item or its repair.
26. The replacement cost of any resource may be up to the maximum value (subject to depreciation where appropriate) of the acquisition cost to the school.
27. Parents may be responsible for supplying their child with other resources not specified in the SRS as advised by the school.

### Payment Arrangements

28. Payment of the participation fee may be made in whole, as per a nominated payment plan, or for another amount as approved by a Principal.

## Additional Information

### Textbook and Resource Allowance (TRA)

## Bring Your Own Device Participation Agreement 2022

### Battery Life / Charging of devices

Students will be expected to bring a fully charged BYOD to school each day. It is recommended that when purchasing a device that battery life is taken into consideration. Check device specifications for battery life reference or consult your technical support. Please note there are a limited number of power points installed in classrooms.

### Case / Carry Bag

A strong carry case is recommended to protect your device from accidental damage like drops. It is expected that all students will use a bag or case designed to hold a device with adequate padding when moving around the college.

### Repairs and Maintenance

All maintenance for the device, operating system, software and/or apps purchased by the family are the responsibility of the family. Families should ensure quick maintenance turnaround for student devices. A limited number of loan devices may be available from the IT office for use while repairs are occurring; this must be pre-arranged with the college's IT Department.

### Backing Up

Technology devices can fail, be lost or stolen so it is extremely important that student's backup their important files to an external device such as a USB Memory Stick or External Hard Drive.

### College Technical Support

The college provides minimal IT Support for BYOD devices. If you run into a problem, students are advised to see the college IT staff who will attempt to diagnose the fault. If the problem is not able to be resolved by college IT staff, they may recommend a course of action for repair (e.g. Re-install windows, warranty claim, insurance claim etc.)

### Internet Access

The college provides secured filtered access to the internet via its high-speed wireless network. Student access to the internet is governed by the college's *ICT Policy and Responsible Behaviour Plan*. The college reminds the parent/guardian of their obligations under this agreement. 3/4G ability e.g. USB Dongles, should be disabled or not brought to school as this function when activated allows students to bypass the EQ internet security filters. The college will take no responsibility for the content accessed by students using 3/4G facility on their personally owned devices. iPads are available as either Wi-Fi only, or Wi-Fi & Cellular models, we recommend purchasing a Wi-Fi only model, as this saves on additional costs.

### Mobile Device Management

The college enrolls all BYOD devices in the college's Mobile Device Management system to enable remote installation of college resources.

### Digital Textbooks

A digital copy of the college textbooks will be loaded onto BYOD devices where families have joined the college Student Resource Scheme. Textbooks must not be copied or transferred, for any reason at all, without prior written consent from the college. Unauthorised use may breach copyright laws and the Parent/Guardian may be held liable for any damages incurred.

### College Software

Some subjects require the use of subject specific software, all of which have different licencing arrangements. Where required the college may load subject specific software where student licences are available, licencing arrangements for subject specific software will be managed by the college IT Department and relevant Head of Department. **Microsoft Office** is included under this arrangement. Specialist software loaded by the college must not be copied or transferred, for any reason at all, without prior written consent from the college. Unauthorised use may breach copyright laws and the Parent/Guardian may be held liable for any damages incurred.

### Device Monitoring

When connected to the college's network all data transmissions sent and received are monitored and logged by the Department of Education. This includes but is not limited to internet history and email transmissions. The college may install monitoring software on BYO devices. This software is only active while onsite at the college and will monitor and log information such as current open applications.

### Content on Devices

The Parent/Guardian must ensure that all content on the BYO device is licensed, legally obtained, and meeting the guidelines outlined in the college's *ICT Policy and Responsible Behaviour Plan*. (located on college website) The college reserves the right to audit BYO devices and remove content from devices that has not been legally obtained or does not meet the college's *ICT Policy or Responsible Behaviour Plan*.

### Windows Operating System

Devices that are running Windows 10 in S Mode, are not supported by the department's networking software. You may be able to upgrade to a Full version of Windows 10 free of charge, please see the link below for more information. <https://support.microsoft.com/en-us/windows/switching-out-of-s-mode-in-windows-10-4f56d9be-99ec-6983-119f-031bfb28a307>
